

COLOUR CARD THERMARK DRY INK RIBBONS OR C-TAPE

Highlights • Dry ribbon, so clean fingers • Clear, sharp images • Wide range of 13 colours

C-Tape

Forget messy ink spots on fingers and work areas when using the Thermark dry ink ribbons (C-tape). The ribbons deliver clean, clear and sharp permanent images on the printed surface and can be changed quickly and easily.

Ribbons are available in various sizes

- 1 inch - 6 rolls per packaging
- 2 inch - 3 rolls per packaging
- 3 inch - 2 rolls per packaging
- 4 inch - 2 rolls per packaging

Length per roll is 61 meters, other colours and sizes upon request. Original colours may differ from the colours on this card!

Ultra violet C-tape

Thermopatch developed the ultra violet C-tape for situations where a visible mark cannot be used or added security is required. This tape is virtually invisible to the naked eye but detectable with a black light. Now linens, table cloths and other materials can be marked invisibly!

The clear choice for Perm-A-Print and DecoPrint!

01 White	08 Green	16 Light Blue
02 Tan	09 Red	17 Medium Blue
03 Dark Blue	11 Orange	22 Ultra violet
05 Grey	14 Gold	
07 Yellow	15 Black	

Thermark C-tape

C-tapes are available in 12 colours and white and variable widths. Suitable for the DP-2000-T and DP-Junior.

Type	Temperature °C	Time seconds	Pressure kg/cm2	Remarks	Washing
Thermark C-tape	275	0,2 – 0,4	0,5		95 °C
