

ALPHA S5

High-capacity, free-standing or
integrated large piece stacker

Models available

- ALPHA S5 (built-in stacker)
- Max. stacking size: W. 830 * L. 600 mm
- Max. stacking height 350 mm

Application

The optimum solution for efficient, highspeed stacking of folded linen. When using several ALPHA S5 operating in series, linen can be sorted and stacked according to predetermined categories controlled by the folder.

Operation

The folded linen arrives from the crossfolder and stops on top of two flaps which open rapidly dropping the linen onto the stack. When the pre-selected number has been reached the stack is ejected to a delivery conveyor.

Features

The delivery conveyor is supplied with a drum motor giving a smoother and steadier transport of the stacks. The inlet on the ALPHA S5 is spring mounted in order to secure a uniform and good stacking quality of thick as well as thin linen. Interlock safety guards for service or maintenance.

Installation

JENSEN is pleased to assist you in planning your laundry by providing excellent advice, layouts and technical data. Authorized JENSEN distributors or JENSEN engineers should carry out the installation to ensure that it is performed correctly.

Service

In addition, JENSEN provides an extraordinary after-sales service through a worldwide network of highly qualified Sales and Service Centers and distributors, all with their own maintenance and spare parts services.
