- **HIGH LOAD CAPACITY :**

Our heavy-duty shelving units have an impressive load capacity of up to 800lbs per shelf without wheels, so they can cope with some seriously heavy products. This makes them ideal for industrial warehouses, office, factory and storerooms.

- **EASY TO ASSEMBLE :**

No tools required for simple and quick assembly. 4-tiers shelving unit can be built in minutes.

- **FULLY ADJUSTABLE :**

Each shelf can be quickly and easily adjusted every 25 mm allowing you to store or display products of various sizes.

- **STYLISH AND FLEXIBLE DESIGN :**

Versatile and attractive modular system for displays and storage that will complement any shop, office, factory, hotel restaurant or kitchen.

- **PREMIUM MATERIALS :**

NSF Approved Wire Shelving ,Made by Durable & Sturdy Carbon Steel Material , Welded steel wire net shelf with mechanical structure of snake wire frame and tapered collars.

- **SURFACE FINISH :**

Chrome plated surface finish is much popular in the worldwide market ,proper for dry storage use. It widely used for commercial storage, but except cold room storage and wet environment use.
